The screenshot displays the CyberGhost website's 'Download Hub' for VPN. The left sidebar contains navigation links: Overview (with a red circle and '1'), Download Hub (highlighted with a red box), PRODUCTS (VPN, Smart DNS), and TOOLS (Private Browser). The main content area features a promotional banner for 'Connect Securely Anywhere' with a 'Start My Subscription' button. Below this, the 'VPN' section is divided into three categories: Desktop Apps (Windows, macOS, Linux), Mobile Apps (Android, iOS), and Browser Extensions (Chrome, Firefox). The 'CyberGhost VPN for Chrome' extension is highlighted with a red box and a red circle with '2'. A '2' in a red circle also appears to the right of the Chrome extension box. The Firefox extension has a 'GET THE ADD-ON' button.

3. Log in > Download Hub > Browser Extensions > Click CyberGhost VPN for Chrome

4. Add to Chrome> Click Add Extension

5. Click puzzle icon at the upper right corner> Click Stay secure with CyberGhost > Click power button to connect VPN

6. Click power button to disconnect
